

OVERVIEW

A tandem version of our popular Dirigo series, the Dirigo Tandem Plus features a breakthrough tandem design with two non-confining cockpit openings. In addition, you can bring along a third smaller passenger in the middle jump seat. And, if that's not enough versatility for you, move the stern seat forward to allow for solo paddling. Equipped with easy-to-access storage and a Quick Seal Hatch with bulkhead, this tandem kayak has everything you need for family fun on the water.

Contoured Poly Seats Removable child seat Glide Track foot brace system Quick Seal hatch with bulkhead Glove box hatch for cell phone, keys, etc.

Deck bungee and safety perimeter line Retractable carry handles Paddle holders Thigh pads Cup holders
